

PRODUCT DATA SHEET

Storm Water Management Silt Trap (ST)

water | wastewater | sewage

OVERVIEW

MAK Water's "Clearmake" Silt Trap treats rain and storm water runoff from open hardstand or car park areas and indoor wash bays. The Silt Trap protects the storm water system and the surrounding environment from contaminants such as silt and other debris that can accumulate and be washed off the hardstand and car park areas. The Silt Trap unit comes complete with an easily removable silt tray, which is quick and simple to maintain.

STANDARD INCLUSIONS + OPTIONS

✓ = Standard Supply o = Optional Supply - = Not Applicable

Equipment	CM-CST400B	CM-CST400D	CM-CST600B	CM-CST600D
400mm Polymer Pit	✓	✓	-	-
600mm Polymer Pit	-	-	✓	✓
B Grate	✓	-	✓	-
D Grate	-	✓	-	✓
Stainless Steel Silt Basket	✓	✓	✓	✓
Optional Riser	o	o	o	o

Note: Class D Grate option: installation of this grate requires tight compaction of base and fill, with supporting concrete collar at adequate depth and reinforcing around and under pit rim to accommodate traffic loading. Please contact MAK Water for a typical installation drawing.
